IMPORTANT

Visit nslds.ed.gov for your most accurate federal student loan information and repayment information. Estimates in this letter are not an official record and may be inaccurate if, for example, you:

- Borrowed loans from multiple institutions.
- Received discharged or forgiven loan debt.
- Repaid a portion of your debt.
- Borrowed a variable interest rate loan.
- Received State Teaching scholarships and/or Federal TEACH grants that may be converted to loans if the terms and conditions are not met.
- Do not use the Standard 10-year repayment term.
- Treat your interest accrual differently than is estimated (e.g., you pay it while in school, change repayment plans, postpone your payments, etc.)
- Choose an income-based repayment plan, defer your loan, or receive loan forgiveness.
- Have private loans or credit card debt (not noted here).

If you borrowed student loans, there's still time for you to reduce your debt by planning your expenses carefully and borrowing only what you really need. Did you know that Federal Direct Loans that were disbursed can be returned up to 120 days post-disbursement with no fee or interest penalty?

¹The Federal Standard Repayment Plan is one of many affordable options, some like the income driven repayment plans are based on your income and may extend beyond 10 years. Under special circumstances, The federal government may forgive part, or all, of your federal student loans.
