

Michael Moderski

President and CEO of McFarland State Bank

Michael is a proven senior executive leader who has extensive experience in bank management and financial analysis. Most recently, he has served as President and CEO of McFarland State Bank, a \$500 million dollar bank, now merging with Oregon Community Bank. In this role, he provides strategic leadership for the company by working with the board of directors and other management to establish and deliver results on long-term goals, opportunities and strategies.

Michael has 28 years of experience in financial institution oversight and management, beginning as an Associate National Bank Examiner for the Office of the Comptroller of the Currency, where he performed comprehensive examinations of nationally chartered banks from \$10 million community banks to multi-billion dollar multi-national affiliates. He joined the financial institution side, taking on key roles in the Asset Liability departments of several Midwestern banks before being named Senior Vice President, Chief Financial Officer of First Federal Bankshares (Vantus Bank) in 2006. He was responsible for the overall finance, accounting, and treasury functions of its holding company, bank and subsidiary companies. He also chaired the Asset Liability Committee, Asset Quality Committee, and Deposit Pricing Committee.

In 2009, he joined McFarland State Bank as Vice President/Chief Financial Officer, where he was responsible for the overall finance, accounting and treasury functions for the holding company,

bank and subsidiary companies as well as the bank's investment portfolio. He was named President/Chief Operating Officer in 2017, and in that role, he guided the company's and its senior leadership team in a high-touch, high-tech strategy, championing several key initiatives including the adoption of interactive teller machines, construction of a new branch location, expansion into the west side of Dane County with a loan production center, as well as implementation of a number of operational technologies and systems.

With his wife, Susan, Michael lives in McFarland, Wisconsin, and is actively involved in numerous community groups and events.
